Notes or concerns about the quilt: _____

By checking here, I agree that I have read the Quilt Preparation and Pricing page.

No quilt is perfect and I will do my best with each quilt. I will try to minimize construction flaws, but please understand that I cannot be held responsible for problems that come from holes in seams, thick intersections, dark threads, fullness in border of quilt, or any problems that arise that are outside my control.

I understand that the quality of Oh Kaye Quilting's work will be directly related to the quality of the quilt top and back provided.
